(Decision Dated & Mailed)

Section 96.3-5 – Layoff Due to Business Closing

STATEMENT OF THE CASE:

The claimant filed a timely appeal from the October 21, 2004, reference 01, decision that denied her request to have her unemployment insurance benefits redetermined as a business closing. After due notice was issued, a hearing was held on November 17, 2004. The claimant did participate along with her witness Kim Pohren. The employer did not participate.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: The claimant was employed as a senior claims service assistant part time beginning in April 1994 through October 1, 2003 when she was laid off from the office where she was working. The claimant worked at 3115 Agency Street in Burlington, Iowa. One side of the building was the

claims office and on the other side was a State Farm agency that is still operation at the location. State Farm Insurance Company is still in business in the state of Iowa.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant was not laid off due to a business closure.

Iowa Code Section 96.3-5 provides:

5. Duration of benefits. The maximum total amount of benefits payable to an eligible individual during a benefit year shall not exceed the total of the wage credits accrued to the individual's account during the individual's base period, or twenty-six times the individual's weekly benefit amount, whichever is the lesser. The director shall maintain a separate account for each individual who earns wages in insured work. The director shall compute wage credits for each individual by crediting the individual's account with one-third of the wages for insured work paid to the individual during the individual's base period. However, the director shall recompute wage credits for an individual who is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, by crediting the individual's account with one-half, instead of one-third, of the wages for insured work paid to the individual during the individual's base period. Benefits paid to an eligible individual shall be charged against the base period wage credits in the individual's account which have not been previously charged, in the inverse chronological order as the wages on which the wage credits are based were paid. However if the state "off indicator" is in effect and if the individual is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, the maximum benefits payable shall be extended to thirty-nine times the individual's weekly benefit amount, but not to exceed the total of the wage credits accrued to the individual's account.

871 IAC 24.29(2) provides:

(2) Going out of business means any factory, establishment, or other premises of an employer which closes its door and ceases to function as a business; however, an employer is not considered to have gone out of business at the factory, establishment, or other premises in any case in which the employer sells or otherwise transfers the business to another employer, and the successor employer continues to operate the business.

The business location did not close completely. A portion is still open at the 3115 Agency Street location. Additionally, State Farm Insurance is still in business in the state of Iowa. Therefore, claimant is not entitled to a recalculation of benefits.

DECISION:

The October 21, 2004, reference 01, decision is affirmed. The claimant was not laid off due to a business closure. Recalculation of benefits is denied.
