APPEAL NO. 12A-UI-14757-H2T

**ADMINISTRATIVE LAW JUDGE
DECISION**

SIOUX CITY COMMUNITY SCHOOL DIST
Employer

**OC: 11-11-12
Claimant: Appellant (4)**

Iowa Code § 96.4(3) – Able and Available
Iowa Code § 96.19(38)a & b – Total and Partial Unemployment
Iowa Code § 96.7(2)a(2) – Same Base Period Employment
871 IAC 24.22(2)f – Part-Time Worker – Able and Available

STATEMENT OF THE CASE:

The claimant filed a timely appeal from the December 13, 2012, reference 02, decision that denied benefits. After due notice was issued, a hearing was held on January 31, 2012. The claimant did participate. The employer did not participate.

ISSUE:

Is the claimant partially unemployed?

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: The claimant is employed as an on-call substitute teacher for the Sioux City School District. He also works on a season basis for a golf course in South Dakota. He has worked for the golf course since April 2010 and is routinely laid off due to lack of work in the winter. The claimant has a combined wage claim and the wages he earned for the golf course in South Dakota should have been transferred to Iowa. Thus, the claimant has wages in his base period from an employer other than the Sioux City Community School District.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant is partially unemployed and the on-call employer is relieved of benefit charges.

Iowa Code § 96.4-3 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially

unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph 1, or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Code § 96.19-38 provides:

"Total and partial unemployment".

a. An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which, while employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

An individual shall be deemed partially unemployed in any week in which the individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Code § 96.7-2-a(2) provides:

2. Contribution rates based on benefit experience.

a. (2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for

available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

871 IAC 23.43(4)a provides in part:

(4) Supplemental employment.

a. An individual, who has been separated with cause attributable to the regular employer and who remains in the employ of the individual's part-time, base period employer, continues to be eligible for benefits as long as the individual is receiving the same employment from the part-time employer that the individual received during the base period. The part-time employer's account, including the reimbursable employer's account, may be relieved of benefit charges....

871 IAC 24.22(2)i(1) provides:

Benefit eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

i. On-call workers.

(1) Substitute workers (i.e., post office clerks, railroad extra board workers), who hold themselves available for one employer and who do not accept other work, are not available for work within the meaning of the law and are not eligible for benefits.

871 IAC 24.22(2)i(3) provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market....

i. On-call workers.

(3) An individual whose wage credits earned in the base period of the claim consist exclusively of wage credits by performing on-call work, such as a banquet worker, railway worker, substitute school teacher or any other individual whose work is solely

on-call work during the base period, is not considered an unemployed individual within the meaning of Iowa Code § 96.19(9)"a" and "b." An individual who is willing to accept only on-call work is not considered to be available for work.

Because claimant was hired to work only on-call or as needed, he is not considered to be unemployed within the meaning of the law with regard to his employment with Sioux City School District. When an individual is hired to work on-call, the implied agreement is that they will only work when work is available and that work will not be regularly available. Thus any diminution in hours is directly related to the on-call status when work is not available as no regular hours were guaranteed. Accordingly, he is not eligible for benefits from his employment at Sioux City School District and no charges shall be made to their account. However, he is laid off from his job at the golf course which is not on-call. Partial benefits are allowed based on his other base period wages.

DECISION:

The December 13, 2012 (reference 02) decision is modified in favor of the appellant. The claimant is not considered unemployed because of his on-call employment status with Sioux City School District. However, he is partially unemployed from the golf course and benefits are allowed, provided he is otherwise eligible.
