

FINDINGS OF FACT:

The administrative law judge, having heard the testimony and considered all of the evidence in the record, finds: Claimant last worked for employer on July 22, 2005. Claimant quit by not reporting for work three days in a row. No reason for the quit was given.

REASONING AND CONCLUSIONS OF LAW:

The issue in this matter is whether claimant quit for good cause attributable to employer. The administrative law judge holds that the evidence has failed to establish that claimant voluntarily quit for good cause attributable to employer when claimant terminated the employment relationship because of no call absences in violation of policy.

Iowa Code Section 96.5-1 provides:

An individual shall be disqualified for benefits:

1. Voluntary quitting. If the individual has left work voluntarily without good cause attributable to the individual's employer, if so found by the department.

871 IAC 24.25(4) provides:

Voluntary quit without good cause. In general, a voluntary quit means discontinuing the employment because the employee no longer desires to remain in the relationship of an employee with the employer from whom the employee has separated. The employer has the burden of proving that the claimant is disqualified for benefits pursuant to Iowa Code section 96.5. However, the claimant has the initial burden to produce evidence that the claimant is not disqualified for benefits in cases involving Iowa Code section 96.5, subsection (1), paragraphs "a" through "i," and subsection 10. The following reasons for a voluntary quit shall be presumed to be without good cause attributable to the employer:

- (4) The claimant was absent for three days without giving notice to employer in violation of company rule.

DECISION:

The decision of the representative dated October 7, 2005, reference 04, is affirmed. Unemployment insurance benefits shall be withheld until claimant has worked in and been paid wages for insured work equal to ten times claimant's weekly benefit amount, provided claimant is otherwise eligible.
