Claimant: Appellant (2)**

Section 96.4-3 – Work Search

**STATEMENT OF THE CASE:**

The claimant filed a timely appeal from an unemployment insurance decision dated June 12, 2007, reference 01, which issued a warning to the claimant based upon a finding that the claimant had not performed an active work search for the week ending June 9, 2007. After reviewing the claimant's appeal letter and Agency benefit payment records, the administrative law judge concludes that no additional testimony is necessary.

**ISSUE:**

Should the claimant receive a warning for failing to make at least two in-person job contacts during the week in question?

**FINDINGS OF FACT:**

Having examined all matters of record, the administrative law judge finds: Lori J. Alderson filed a claim for unemployment insurance benefits effective June 3, 2007. She is in department approved training status from June 3 through June 14, 2007.

**REASONING AND CONCLUSIONS OF LAW:**

The question is whether the warning should be removed from the claimant's record. It should. Claimants in department approved training status are exempted by statute from the work search requirement. The claimant is such a person. Since no work search is required of her, the warning should be removed.

**DECISION:**

The unemployment insurance decision dated June 12, 2007, reference 01, is reversed. The warning is removed from the claimant's record.
