Section 96.3-7 – Recovery of Overpayments

**STATEMENT OF THE CASE:**

Donald L. Goble filed a timely appeal from an unemployment insurance decision dated April 8, 2010, reference 02, that ruled he had been overpaid federal emergency unemployment compensation benefits in the gross amount of \$3,441.00 for the eleven weeks ending March 27, 2010. After reviewing all matters of record, the administrative law judge concludes that a formal hearing is not required.

**ISSUE:**

Was the claimant overpaid?

**FINDINGS OF FACT:**

Having examined all matters of record, the administrative law judge finds: Donald L. Goble received federal emergency unemployment compensation benefits in the gross amount of \$3,441.00 for the eleven weeks ending March 27, 2010. He should have received state unemployment insurance benefits instead. The federal benefits have been repaid by transferring to the federal account the overpayment amount from the state trust fund.

**REASONING AND CONCLUSIONS OF LAW:**

The question is whether Mr. Goble received federal benefits he should not have received. The evidence establishes that he received federal benefits while he should have been receiving state benefits and that the overpayment has been recovered by transferring from the state trust fund to the federal account the amount of the overpayment. Mr. Goble owes nothing at this time.

**DECISION:**

The unemployment insurance decision dated April 8, 2010, reference 02, is affirmed. The claimant was overpaid federal emergency unemployment compensation benefits in the amount of \$3,441.00 for the eleven weeks ending March 20, 2010. The overpayment has been recovered.
