UNEMPLOYMENT INSURANCE APPEALS**

JOHN D GELHAUS
Claimant

AMES COMMUNITY SCHOOL DIST
Employer

APPEAL 21A-UI-06002-DG-T

**ADMINISTRATIVE LAW JUDGE
DECISION**

OC: 03/29/20
Claimant: Appellant (1)

Iowa Code § 96.4(5) – Reasonable Assurance

STATEMENT OF THE CASE:

Claimant filed an appeal from a decision of a representative dated February 17, 2021, (reference 05) that held claimant ineligible for unemployment insurance benefits. After due notice, a hearing was scheduled for and held on June 3, 2021. Claimant participated personally. Employer participated by Kristin Johnson, Human Resources Director. The administrative law judge took official notice of the administrative record.

ISSUE:

Does the claimant have reasonable assurance of continued employment in the next school term or year?

FINDINGS OF FACT:

Having heard the testimony and having reviewed the evidence in the record, the administrative law judge finds: The claimant was employed as a substitute teacher for the Ames Community School District during the 2019 – 2020, school year. Claimant was hired to work on-call or as needed when work was available. Claimant has no other regular non-educational institution employment wage credits in the base period.

Claimant continued to be on the substitute teaching roster for the 2020 – 2021 school year, and he had reasonable assurance that employment would be available to him for the next academic term.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant did have reasonable assurance of returning to work the following academic term or year. The claimant does not have other non-educational institution wages in the base period, which make him otherwise eligible for benefits.

Iowa Code section 96.4(5)a provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

5. Benefits based on service in employment in a nonprofit organization or government entity, defined in section 96.19, subsection 18, are payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the same basis of other service subject to this chapter, except that:

a. Benefits based on service in an instructional, research, or principal administrative capacity in an educational institution including service in or provided to or on behalf of an educational institution while in the employ of an educational service agency, a government entity, or a nonprofit organization shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual has a contract or reasonable assurance that the individual will perform services in any such capacity for any educational institution for both such academic years or both such terms.

Public Law 94-566 provides:

(c) An individual who performs services for an educational institution or agency in a capacity (other than an instructional, research, or principal administrative capacity) shall not be eligible to receive a payment of assistance or a waiting period credit with respect to any week commencing during a period between two successive academic years or terms if:

(1) Such individual performed such services for any educational institution or agency in the first of such academic years or terms; and

(2) There is a reasonable assurance that such individual will perform services for any educational institution or agency in any capacity (other than an instructional, research, or principal administrative capacity) in the second of such academic years or terms.

Iowa Code section 96.4(5)*b* provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

5. Benefits based on service in employment in a nonprofit organization or government entity, defined in section 96.19, subsection 18, are payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the same basis of other service subject to this chapter, except that:

b. Benefits based on service in any other capacity for an educational institution including service in or provided to or on behalf of an educational institution while in the employ of an educational service agency, a government entity, or a nonprofit organization, shall not be paid to an individual for any week of unemployment which begins during the period between two successive academic years or terms, if the individual performs the services in the first of such academic years or terms and has reasonable assurance that the individual will perform services for the second of such academic years or terms. If benefits are denied to an individual for any week as a result of this paragraph and the individual is not offered an opportunity to perform the services for an educational

institution for the second of such academic years or terms, the individual is entitled to retroactive payments of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph.

Iowa Code section 96.4(5)c provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

5. Benefits based on service in employment in a nonprofit organization or government entity, defined in section 96.19, subsection 18, are payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the same basis of other service subject to this chapter, except that:

c. With respect to services for an educational institution in any capacity under paragraph "a" or "b", benefits shall not be paid to an individual for any week of unemployment which begins during an established and customary vacation period or holiday recess if the individual performs the services in the period immediately before such vacation period or holiday recess, and the individual has reasonable assurance that the individual will perform the services in the period immediately following such vacation period or holiday recess.

Iowa Admin. Code r. 871-24.52(9) provides in part:

(9) Vacation period and holiday recess. With respect to any services performed in any capacity while employed by an educational institution, unemployment insurance payments shall not be paid to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs service in the period immediately before such vacation period or holiday recess and there is a reasonable assurance that such individual will perform service in the period immediately following such vacation period or holiday recess. However, the provision of subrule 24.52(6) could also apply in this situation.

Iowa Admin. Code r. 871-24.51(6) provides:

School definitions.

(6) Reasonable assurance, as applicable to an employee of an educational institution, means a written, verbal, or implied agreement that the employee will perform services in the same or similar capacity, which is not substantially less in economic terms and conditions, during the ensuing academic year or term. It need not be a formal written contract. To constitute a reasonable assurance of reemployment for the ensuing academic year or term, an individual must be notified of such reemployment.

Iowa Admin. Code r. 871-24.22(2)i(2) provides:

(2) *Available for work.* The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market. Since, under unemployment insurance laws, it is the availability of an individual that is required to be tested, the labor market must be described in terms of the individual. A labor market for an individual means a market for the type of service which the individual offers in the geographical area

in which the individual offers the service. Market in that sense does not mean that job vacancies must exist; the purpose of unemployment insurance is to compensate for lack of job vacancies. It means only that the type of services which an individual is offering is generally performed in the geographical area in which the individual is offering the services.

i. On-call workers.

(2) Substitute teachers. The question of eligibility of substitute teachers is subjective in nature and must be determined on an individual case basis. The substitute teacher is considered an instructional employee and is subject to the same limitations as other instructional employees. As far as payment of benefits between contracts or terms and during customary and established periods of holiday recesses is concerned, benefits are denied if the substitute teacher has a contract or reasonable assurance that the substitute teacher will perform service in the period immediately following the vacation or holiday recess. An on-call worker (includes a substitute teacher) is not disqualified if the individual is able and available for work, making an earnest and active search for work each week, placing no restrictions on employment and is genuinely attached to the labor market.

Iowa Admin. Code r. 871-24.52(10) states: Substitute teachers.

a. Substitute teachers are professional employees and would therefore be subject to the same limitations as other professional employees in regard to contracts, reasonable assurance provisions and the benefit denials between terms and during vacation periods.

b. Substitute teachers who are employed as on-call workers who hold themselves available for one employer and who will not search for or accept other work, are not available for work within the meaning of the law and are not eligible for unemployment insurance payments pursuant to subrule 24.22(2)“i”(1).

c. Substitute teachers whose wage credits in the base period consist exclusively of wages earned by performing on-call work are not considered to be unemployed persons pursuant to subrule 24.22(2)“i”(3).

d. However, substitute teachers engaged in on-call employment are not automatically disqualified but may be eligible pursuant to subrule 24.22(2)“i”(3) if they are:

- (1) Able and available for work.
- (2) Making an earnest and active search for work each week.
- (3) Placing no restrictions on their employability.
- (4) Show attachment to the labor market. Have wages other than on-call wages with an educational institution in the base period.

e. A substitute teacher who elects not to report for further possible assignment to work shall be considered to have voluntarily quit pursuant to subrule 24.26(19).

In this case, the claimant does not have other non-educational institution wage credits in the base period. The claimant does have reasonable assurance of continued employment for the 2020-2021, school year. As a result, the claimant is not considered unemployed during the summer. Accordingly, benefits are denied beginning on May 31, 2021.

Note to Claimant: If this decision determines you are not eligible for regular unemployment insurance benefits and you disagree with this decision, you may file an appeal to the Employment Appeal Board by following the instructions on the first page of this decision. Individuals who do not qualify for regular unemployment insurance benefits, but who are currently unemployed for reasons related to COVID-19 may qualify for Pandemic Unemployment Assistance (PUA). **You will need to apply for PUA to determine your eligibility under the program.** Additional information on how to apply for PUA can be found at <https://www.iowaworkforcedevelopment.gov/pua-information>. If this decision becomes final, or if you are not eligible for PUA, you may have an overpayment of benefits.

DECISION:

The February 17, 2021, (reference 05) unemployment insurance decision is affirmed. The claimant does have reasonable assurance of returning to work the following academic year or term. Benefits are denied beginning on May 31, 2021.
