**APPEAL 18A-UI-07208-LJ-T**

**ADMINISTRATIVE LAW JUDGE  
DECISION**

**IOWA WORKFORCE  
DEVELOPMENT DEPARTMENT**

**OC: 05/20/18  
Claimant: Appellant (1)**

Iowa Code § 96.3(4) – Determination of Benefits  
Iowa Admin. Code r. 871-24.9(1)b – Monetary Determination – Timeliness  
Iowa Code § 96.6(2) – Timeliness of Appeal

**STATEMENT OF THE CASE:**

The claimant appealed from the May 31, 2018, corrected monetary record. After due notice was issued, a hearing was held by telephone conference call on July 23, 2018. The claimant participated. Department's Exhibit D-1 was admitted to the record. Claimant's Exhibit A was received and admitted into the record.

**ISSUE:**

Is the claimant's appeal from the monetary determination timely?

**FINDINGS OF FACT:**

Having reviewed all of the evidence in the record, the administrative law judge finds: A corrected monetary record was mailed to the claimant's last known address of record on May 31, 2018. The claimant did not timely receive the record. Claimant first received notice of the monetary record when he got a white letter approximately two weeks after he filed for benefits. The base period for the claim year effective May 20, 2018, covers the four quarters of 2017. Claimant presented evidence of wages in the first three quarters of 2017. (Claimant's Exhibit A) The wages listed in the monetary record for those quarters are correct. All of claimant's wages in his base period are from a federal employer.

**REASONING AND CONCLUSIONS OF LAW:**

Iowa Code section 96.6(2) provides:

*2. Initial determination.* A representative designated by the director shall promptly notify all interested parties to the claim of its filing, and the parties have ten days from the date of mailing the notice of the filing of the claim by ordinary mail to the last known address to protest payment of benefits to the claimant. The representative shall promptly examine the claim and any protest, take the initiative to ascertain relevant information concerning the claim, and, on the basis

of the facts found by the representative, shall determine whether or not the claim is valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and its maximum duration, and whether any disqualification shall be imposed. The claimant has the burden of proving that the claimant meets the basic eligibility conditions of section 96.4. The employer has the burden of proving that the claimant is disqualified for benefits pursuant to section 96.5, except as provided by this subsection. The claimant has the initial burden to produce evidence showing that the claimant is not disqualified for benefits in cases involving section 96.5, subsection 10, and has the burden of proving that a voluntary quit pursuant to section 96.5, subsection 1, was for good cause attributable to the employer and that the claimant is not disqualified for benefits in cases involving section 96.5, subsection 1, paragraphs "a" through "h". Unless the claimant or other interested party, after notification or within ten calendar days after notification was mailed to the claimant's last known address, files an appeal from the decision, the decision is final and benefits shall be paid or denied in accordance with the decision. If an administrative law judge affirms a decision of the representative, or the appeal board affirms a decision of the administrative law judge allowing benefits, the benefits shall be paid regardless of any appeal which is thereafter taken, but if the decision is finally reversed, no employer's account shall be charged with benefits so paid and this relief from charges shall apply to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

Iowa Admin. Code r. 871-24.9(1)b provides:

**Determination of benefit rights.**

*Monetary determinations.*

*b.* The monetary record shall constitute a final decision unless newly discovered facts which affect the validity of the original determination or a written request for reconsideration is filed by the individual within ten days of the date of the mailing of the monetary record specifying the grounds of objection to the monetary record.

The ten calendar days for appeal begins running on the mailing date. The "decision date" found in the upper right-hand portion of the representative's decision, unless otherwise corrected immediately below that entry, is presumptive evidence of the date of mailing. *Gaskins v. Unempl. Comp. Bd. of Rev.*, 429 A.2d 138 (Pa. Comm. 1981); *Johnson v. Board of Adjustment*, 239 N.W.2d 873, 92 A.L.R.3d 304 (Iowa 1976). This would apply to the date of the monetary record as well. Here, claimant did not appeal the monetary record within ten days because he did not receive it. As soon as claimant received the white letter notifying him that he lacked qualified earnings, he inquired and appealed. This appeal shall be considered to have been timely filed.

For the reasons that follow, the administrative law judge concludes the monetary record is correct. Iowa Code section 96.4(4)a, b and c provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

4. a. The individual has been paid wages for insured work during the individual's base period in an amount at least one and one-quarter times the wages paid to

the individual during that quarter of the individual's base period in which the individual's wages were highest; provided that the individual has been paid wages for insured work totaling at least three and five-tenths percent of the statewide average annual wage for insured work, computed for the preceding calendar year if the individual's benefit year begins on or after the first full week in July and computed for the second preceding calendar year if the individual's benefit year begins before the first full week in July, in that calendar quarter in the individual's base period in which the individual's wages were highest, and the individual has been paid wages for insured work totaling at least one-half of the amount of wages required under this paragraph in the calendar quarter of the base period in which the individual's wages were highest, in a calendar quarter in the individual's base period other than the calendar quarter in which the individual's wages were highest. The calendar quarter wage requirements shall be rounded to the nearest multiple of ten dollars.

b. For an individual who does not have sufficient wages in the base period, as defined in section 96.19, to otherwise qualify for benefits pursuant to this subsection, the individual's base period shall be the last four completed calendar quarters immediately preceding the first day of the individual's benefit year if such period qualifies the individual for benefits under this subsection.

(1) Wages that fall within the alternative base period established under this paragraph "b" are not available for qualifying benefits in any subsequent benefit year.

(2) Employers shall be charged in the manner provided in this chapter for benefits paid based upon quarters used in the alternative base period.

c. If the individual has drawn benefits in any benefit year, the individual must during or subsequent to that year, work in and be paid wages for insured work totaling at least two hundred fifty dollars, as a condition to receive benefits in the next benefit year.

Iowa Admin. Code r. 871-24.1(11) provides:

*Base period.* The period of time in which the amount of wages paid to an individual in insured work which determines an individual's eligibility for, and the amount and duration of, benefits. The base period consists of the first four of the last five completed calendar quarters immediately preceding the calendar quarter in which the individual's claim for benefits is effective with the following exception. The department shall exclude three or more calendar quarters from the individual's base period in which the individual received workers' compensation or indemnity insurance benefits and substitute consecutive calendar quarters immediately preceding the base period in which the individual did not receive workers' compensation or indemnity insurance benefits. This exception applies under the following conditions:

a. The individual did not work in and receive wages from insured work for three calendar quarters of the base period, or

b. The individual did not work in and receive wages from insured work for two calendar quarters and lacked qualifying wages from insured work to establish a valid claim for benefits during another quarter of the base period.

Iowa Code section 96.3(4) provides:

4. *Determination of benefits.* With respect to benefit years beginning on or after July 1, 1983, an eligible individual's weekly benefit amount for a week of total unemployment shall be an amount equal to the following fractions of the individual's total wages in insured work paid during that quarter of the individual's base period in which such total wages were highest; the director shall determine annually a maximum weekly benefit amount equal to the following percentages, to vary with the number of dependents, of the statewide average weekly wage paid to employees in insured work which shall be effective the first day of the first full week in July:

If the number of dependents is:	The weekly benefit amount shall equal the following fraction of high quarter wages:	Subject to the following maximum percentage of the statewide average weekly wage:
0	1/23	53%
1	1/22	55%
2	1/21	57%
3	1/20	60%
4 or more	1/19	65%

The maximum weekly benefit amount, if not a multiple of one dollar shall be rounded to the lower multiple of one dollar. However, until such time as sixty-five percent of the statewide average weekly wage exceeds one hundred ninety dollars, the maximum weekly benefit amounts shall be determined using the statewide average weekly wage computed on the basis of wages reported for calendar year 1981. As used in this section "*dependent*" means dependent as defined in section 422.12, subsection 1, paragraph "a", as if the individual claimant was a taxpayer, except that an individual claimant's nonworking spouse shall be deemed to be a dependent under this section. "*Nonworking spouse*" means a spouse who does not earn more than one hundred twenty dollars in gross wages in one week.

The administrative law judge finds that claimant's monetary record is correct. Claimant's monetary record accurately reflects the wages that he received from a federal employer.

**DECISION:**

The May 31, 2018, corrected monetary determination is affirmed. The monetary determination remains in full force and effect.
