**ADMINISTRATIVE LAW JUDGE  
DECISION**

**OC: 07/07/24  
Claimant: Appellant (1-R)**

Iowa Code § 96.4(4) – Monetary Eligibility and Subsequent Benefit Year  
Iowa Code § 96.3(4) – Determination of Benefits

**STATEMENT OF THE CASE:**

On July 19, 2024, claimant Brock D. Fischer filed an appeal from the July 9, 2024 (reference 01) monetary record. The Unemployment Insurance Appeals Bureau mailed notice of the hearing on July 22, 2024. Administrative Law Judge Elizabeth A. Johnson held a telephonic hearing at 9:00 a.m. on Friday, August 2, 2024. Claimant Brock D. Fischer participated. Employer Hy-Vee Inc. did not participate.

**ISSUES:**

Is the monetary record dated July 9, 2024, correct?  
Is the claimant monetarily eligible for benefits effective July 7, 2024?

**FINDINGS OF FACT:**

Having reviewed all of the evidence in the record, the administrative law judge finds:

Claimant established his claim effective July 7, 2023. The base period for the claim year covers the second, third, and fourth quarters of 2024, and the first quarter of 2024. The monetary record shows wages from employer Hy-Vee in the third quarter of 2023 and the first quarter of 2024. There are no wages showing in the fourth quarter of 2023.

Claimant began working for Hy-Vee in August 2023. He worked continuously as a full-time employee until his separation on July 5, 2024. He no longer has access to his pay stubs, as that information was available electronically through the employer's system and he is no longer an employee.

**REASONING AND CONCLUSIONS OF LAW:**

For the reasons that follow, the administrative law judge concludes the monetary record is incorrect.

Iowa Code section 96.4(4) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

4. The individual has been paid wages for insured work during the individual's base period in an amount at least one and one-quarter times the wages paid to the individual during that quarter of the individual's base period in which the individual's wages were highest; provided that the individual has been paid wages for insured work totaling at least three and five-tenths percent of the statewide average annual wage for insured work, computed for the preceding calendar year if the individual's benefit year begins on or after the first full week in July and computed for the second preceding calendar year if the individual's benefit year begins before the first full week in July, in that calendar quarter in the individual's base period in which the individual's wages were highest, and the individual has been paid wages for insured work totaling at least one-half of the amount of wages required under this subsection in the calendar quarter of the base period in which the individual's wages were highest, in a calendar quarter in the individual's base period other than the calendar quarter in which the individual's wages were highest. The calendar quarter wage requirements shall be rounded to the nearest multiple of ten dollars.

If the individual has drawn benefits in any benefit year, the individual must during or subsequent to that year, work in and be paid wages for insured work totaling at least two hundred fifty dollars, as a condition to receive benefits in the next benefit year.

Iowa Admin. Code r. 871-24.9(1)(b) states:

*Monetary determinations.* The monetary record shall constitute a final decision unless newly discovered facts which affect the validity of the original determination or a written request for consideration is filed by the individual within ten days of the date of the mailing of the monetary record specifying the grounds of objection to the monetary record.

Iowa Code section 96.3(4) provides:

4. Determination of benefits. With respect to benefit years beginning on or after July 1, 1983, an eligible individual's weekly benefit amount for a week of total unemployment shall be an amount equal to the following fractions of the individual's total wages in insured work paid during that quarter of the individual's base period in which such total wages were highest; the director shall determine annually a maximum weekly benefit amount equal to the following percentages...

The maximum weekly benefit amount, if not a multiple of one dollar shall be rounded to the lower multiple of one dollar. However, until such time as sixty-five percent of the statewide average weekly wage exceeds one hundred ninety dollars, the maximum weekly benefit amounts shall be determined using the statewide average weekly wage computed on the basis of wages reported for calendar year 1981. As used in this section "dependent" means dependent as defined in section 422.12, subsection 1, paragraph "c", as if the individual claimant was a taxpayer, except that an individual claimant's nonworking spouse shall be deemed to be a dependent under this section. "Nonworking spouse"

means a spouse who does not earn more than one hundred twenty dollars in gross wages in one week.

Iowa Admin. Code r. 871-24.1(11) provides:

*Base period.* The period of time in which the amount of wages paid to an individual in insured work which determines an individual's eligibility for, and the amount and duration of, benefits. The base period consists of the first four of the last five completed calendar quarters immediately preceding the calendar quarter in which the individual's claim for benefits is effective with the following exception. The department shall exclude three or more calendar quarters from the individual's base period in which the individual received workers' compensation or indemnity insurance benefits and substitute consecutive calendar quarters immediately preceding the base period in which the individual did not receive workers' compensation or indemnity insurance benefits. This exception applies under the following conditions:

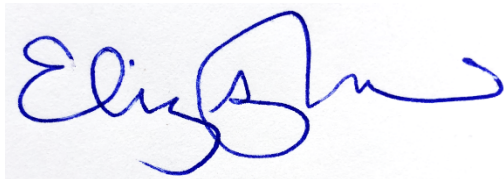

- a. The individual did not work in and receive wages from insured work for three calendar quarters of the base period, or
- b. The individual did not work in and receive wages from insured work for two calendar quarters and lacked qualifying wages from insured work to establish a valid claim for benefits during another quarter of the base period.

Claimant offered testimony that indicates the employer failed to accurately report his wages to IWD for the fourth quarter of 2023. This matter will be remanded to the IWD Tax Bureau to investigate and add the missing wages.

**DECISION:**

The July 9, 2024, monetary determination is affirmed, pending the outcome of the wage investigation. Claimant Brock Fischer's fourth quarter wages appear to be missing from this monetary determination.

**REMAND:** The issue of claimant's missing fourth quarter 2023 wages with Hy-Vee Inc (account 006858) is remanded to the IWD Tax Bureau for investigation. When the wages are confirmed, those wages should be added to the monetary record and claimant's monetary determination should be re-issued.
