DECISION

UNEMPLOYMENT BENEFITS ARE DENIED

The Claimant appealed this case to the Employment Appeal Board. The members of the Employment Appeal Board reviewed the entire record. The Appeal Board finds the administrative law judge's decision is correct. With the following modification, the administrative law judge's Findings of Fact and Reasoning and Conclusions of Law are adopted by the Board as its own. The administrative law judge's decision is **AFFIRMED** with the following **MODIFICATION**:

The Employment Appeal Board would modify the administrative law judge's Reasoning and Conclusions of Law to include the following as supportive legal analysis:

871 IAC 24.26(6)"a" provides:

Nonemployment related separation. The claimant left because of illness, injury or pregnancy upon the advice of a licensed and practicing physician. Upon recovery, when recovery was certified by a licensed and practicing physician, the claimant returned and offered to perform services to the employer, but no suitable, comparable work was available. Recovery is defined as the ability of the claimant to perform all of the duties of the previous employment.

The record contains no evidence to support that the Claimant was advised to quit by his doctor, or that he returned to offer his services.
