DECISION**

Claimant: Respondent (2)**

Iowa Code § 96.4(3) – Ability to and Availability for Work  
Iowa Admin. Code r. 871-24.23(10) – Leave of Absence

**STATEMENT OF THE CASE:**

The employer, Tyson Fresh Meats Inc., filed an appeal from the May 2, 2024, (reference 01) unemployment insurance decision that allowed benefits as of April 14, 2024, based on a determination that the claimant is still employed part-time or working on-call whenever work is available and she is able to and available for work. The parties were properly notified of the hearing. A telephone hearing was held on May 21, 2024. The claimant, Florence Limba Malu, did not participate. The employer participated through Human Resources Partner Anel Mercado. The administrative law judge took official notice of the administrative record.

**ISSUES:**

Is the claimant able to and available for work as of April 14, 2024?  
Is the claimant partially or temporarily unemployed as of April 14, 2024?

**FINDINGS OF FACT:**

Having reviewed all of the evidence in the record, the administrative law judge finds: The claimant began working for Tyson Fresh Meats Inc. on August 16, 2022. The claimant worked full-time hours as a maintenance worker. The claimant last reported to work on March 22, 2024.

As a maintenance worker, the claimant often has to climb ladders and work on high platforms to repair machinery. On March 23, 2024, the claimant suffered a nonwork-related personal illness that affected her balance. The claimant's medical provider restricted the claimant to working no more than 10-feet above the ground.

The employer would not allow the claimant to return to work as a maintenance worker while she was restricted to working no more than 10-feet above the ground. Rather, the employer offered the claimant a position in production that met her restriction. The claimant was not interested in the production position and requested to go on a medical leave of absence. The employer approved the claimant's leave of absence.

The claimant opened a claim for unemployment insurance benefits with an effective date of April 14, 2024, in connection with a medical leave of absence from work. The employer has been open and fully operational throughout the claimant's leave of absence. The employer had full-time work available for the claimant had she not been on leave. As of the hearing date, the claimant is still on leave and her medical provider has not yet released her to return to her position as a maintenance worker.

### **REASONING AND CONCLUSIONS OF LAW:**

For the reasons that follow, the administrative law judge concludes that the claimant is not eligible for unemployment insurance benefits as of April 14, 2024, the first day of her unemployment insurance claim, because she is on a leave of absence and is not available for work.

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Admin. Code r. 871-24.22(1) and (2) provide:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(1) Able to work. An individual must be physically and mentally able to work in some gainful employment, not necessarily in the individual's customary occupation, but which is engaged in by others as a means of livelihood.

a. Illness, injury or pregnancy. Each case is decided upon an individual basis, recognizing that various work opportunities present different physical requirements. A statement from a medical practitioner is considered prima facie evidence of the physical ability of the individual to perform the work required. A pregnant individual must meet the same criteria for determining ableness as do all other individuals.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market...

j. Leave of absence. A leave of absence negotiated with the consent of both parties, employer and employee, is deemed a period of voluntary unemployment for the employee-individual, and the individual is considered ineligible for benefits for the period.

(1) If at the end of a period or term of negotiated leave of absence the employer fails to reemploy the employee-individual, the individual is considered laid off and eligible for benefits.

(2) If the employee-individual fails to return at the end of the leave of absence and subsequently becomes unemployed the individual is considered as having voluntarily quit and therefore is ineligible for benefits.

Iowa Admin. Code r. 871-24.23(10) and (35) provide:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(10) The claimant requested and was granted a leave of absence, such period is deemed to be a period of voluntary unemployment and shall be considered ineligible for benefits for such period.

(35) Where the claimant is not able to work and is under the care of a medical practitioner and has not been released as being able to work.

For an unemployed individual to be eligible to receive benefits, she must be able to work, available for work, and actively seeking work as required by the unemployment insurance law. Iowa Code § 96.4(3). The burden is on the claimant to establish that she is able and available for work within the meaning of the statute. Iowa Code § 96.6(2); Iowa Admin. Code r. 871-24.22. In this case, the claimant commenced an approved leave of absence in mid-April 2024. This leave of absence extends through the date of the hearing. When the claimant elected a leave of absence, she voluntarily removed herself from her workplace. While she may have done so for good personal reasons, once she began her leave, she was no longer available for work. Accordingly, benefits are withheld.

**DECISION:**

The May 2, 2024, (reference 01) unemployment insurance decision is reversed. The claimant is on an approved leave of absence and is not able to and available for work as of April 14, 2024. The claimant is not eligible for unemployment insurance benefits as of April 14, 2024.
