DECISION**

Claimant: Appellant (1)**

Iowa Code § 96.4(3) – Ability to and Availability for Work

STATEMENT OF THE CASE:

Claimant filed an appeal from the October 24, 2023, (reference 03) unemployment insurance decision that denied benefits during the week ending October 7, 2023, based on the deputy's conclusion that the claimant was not able to and available for work. After due notice, a telephone hearing was held on November 27, 2023. Claimant participated personally. The employer did not participate. The administrative law judge took official notice of the administrative record.

ISSUES:

Whether the claimant was able to work and available for work during the week ending October 7, 2023.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: The claimant is employed as a full-time apprentice carpenter with Firetek Incorporated. Claimant has been in the apprenticeship program with Carpenters Union Local 1260 since he began his employment on August 14, 2023. The claimant regularly participates in weeklong apprentice training through the union.

To remain in good standing in the apprenticeship program, claimant must attend weeklong classroom training several times throughout the year. The union and the employer agreed on the class schedule and notify apprentices when the training is scheduled to take place. The employer allows claimant to attend the classroom training. Claimant was aware of this requirement when he began the apprenticeship program. Claimant attended apprenticeship training on a full-time basis during business hours between October 2, 2023 and October 6, 2023.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes:

Iowa Code section 96.1(A)(37) provides:

"Total and partial unemployment".

a. An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which either of the following apply:

(1) While employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

(2) The individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.1A, subsection 37, paragraph "b", subparagraph (1), or temporarily unemployed as defined in section 96.1A, subsection 37, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Admin. Code r. 871-24.22(2)(1) and (2) provide:

Benefit eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market. Since, under unemployment insurance laws, it is the availability of an individual that is required to be tested, the labor market must be described in terms of the individual. A labor market for an individual means a market for the type of service which the individual offers in the geographical area in which the individual offers the service. Market in that sense does not mean that job vacancies must exist; the purpose of unemployment

insurance is to compensate for lack of job vacancies. It means only that the type of services which an individual is offering is generally performed in the geographical area in which the individual is offering the services.

j. Leave of absence. A leave of absence negotiated with the consent of both parties, employer and employee, is deemed a period of voluntary unemployment for the employee-individual, and the individual is considered ineligible for benefits for the period.

(1) If at the end of a period or term of negotiated leave of absence the employer fails to reemploy the employee-individual, the individual is considered laid off and eligible for benefits.

(2) If the employee-individual fails to return at the end of the leave of absence and subsequently becomes unemployed the individual is considered as having voluntarily quit and therefore is ineligible for benefits.

Iowa Admin. Code r. 871-24.23(5) and (10) provide:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(5) Full-time students devoting the major portion of their time and efforts to their studies are deemed to have no reasonable expectancy of securing employment except if the students are available to the same degree and to the same extent as they accrued wage credits they will meet the eligibility requirements of the law.

...

(10) The claimant requested and was granted a leave of absence, such period is deemed to be a period of voluntary unemployment and shall be considered ineligible for benefits for such period.

Claimant was not off work because of a plant shutdown, vacation, inventory, lack of work, or other emergency. Therefore, claimant's time off to attend training does not meet the definition of "temporarily unemployed" and claimant is not exempt from the requirement that he be able to and available for work.

Claimant was not available for work during the week ending October 7, 2023. Claimant attended full-time training required for the apprenticeship program that he signed up for with his local union. The period of training was a leave of absence negotiated with the consent of the employee through his union representative. Claimant was aware of the required training when he joined the apprenticeship program. Claimant's absence to attend training is a period of voluntary unemployment. Claimant has not met his burden of proving that he was available for work. Accordingly, benefits are denied for the week ending October 7, 2023.

DECISION:

The October 24, 2023, (reference 03) unemployment insurance decision is affirmed. Claimant was not available for work during the week ending October 7, 2023. Benefits are denied.
