APPEAL 20A-DUA-00680-CL-T

**ADMINISTRATIVE LAW JUDGE
DECISION**

**IOWA WORKFORCE DEVELOPMENT
DEPARTMENT**

OC: 03/29/20
Claimant: Appellant (2)

PL 116-136, Sec. 2012 – Federal Pandemic Unemployment Assistance
Iowa Code § 96.6(2) - Timeliness of Appeal

STATEMENT OF THE CASE:

On October 14, 2020, the claimant filed a timely appeal from the Iowa Workforce Development decision dated September 26, 2020 that determined claimant was not eligible for federal Pandemic Unemployment Assistance (PUA) benefits. A telephone hearing was held on December 28, 2020. The claimant was properly notified of the hearing and participated personally. Department Exhibit 1 was received. Claimant's Exhibit A was received.

ISSUES:

Is the claimant eligible for Pandemic Unemployment Assistance?

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: On September 26, 2020, Iowa Workforce Development mailed a decision denying claimant Pandemic Unemployment Assistance (PUA) benefits. Claimant did not receive the decision until October 13, 2020. Claimant filed an appeal the next day, on October 14, 2020.

In March 2020, the United States declared a public health emergency due to the COVID 19 pandemic.

Claimant has been self-employed for the past eight years. Claimant is a co-owner of Brinks Spray Foam Insulation. The business does work on commercial and residential construction. When the pandemic hit, all projects were cancelled because residential customers did not want claimant and his brother inside their home and commercial projects wanted less people on the job site. Claimant did not start working again until the beginning of August 2020.

REASONING AND CONCLUSIONS OF LAW:

The first issue to be considered in this appeal is whether the appellant's appeal is timely. The administrative law judge determines it is.

Iowa Code § 96.6(2) provides, in pertinent part:

The representative shall promptly examine the claim and any protest, take the initiative to ascertain relevant information concerning the claim, and, on the basis of the facts found by the representative, shall determine whether or not the claim is valid, the week with respect to which benefits shall commence, the weekly benefit amount payable and its maximum duration, and whether any disqualification shall be imposed. . . . Unless the claimant or other interested party, after notification or within ten calendar days after notification was mailed to the claimant's last known address, files an appeal from the decision, the decision is final and benefits shall be paid or denied in accordance with the decision.

The claimant did not have an opportunity to timely appeal the fact-finder's decision because the decision was not received in a timely manner. Without notice of a disqualification, no meaningful opportunity for appeal exists. See *Smith v. Iowa Emp't Sec. Comm'n*, 212 N.W.2d 471, 472 (Iowa 1973). The claimant filed an appeal within a reasonable period of time after receiving the decision. Therefore, the appeal shall be accepted as timely.

The next issue is whether claimant is eligible for PUA benefits.

The Coronavirus Aid, Relief, and Economic Security Act, Public Law 116-136, Sec. 2102 provides for unemployment benefit assistance to any covered individual for any weeks beginning on or after January 27, 2020 and ending on or before December 31, 2020, during which the individual is unemployed, partially unemployed, or unable to work due to COVID-19.

The issue to be determined here is whether claimant is a "covered individual" who is eligible to receive benefits within the meaning of applicable law.

Section 2102 of the CARES Act describes a covered individual as follows:

(3) COVERED INDIVIDUAL.—The term "covered individual"—

(A) means an individual who—

(i) is not eligible for regular compensation or extended benefits under State or Federal law or pandemic emergency unemployment compensation under section 2107, including an individual who has exhausted all rights to regular unemployment or extended benefits under State or Federal law or pandemic emergency unemployment compensation under section 2107; and

(ii) provides self-certification that the individual—

(I) is otherwise able to work and available for work within the meaning of applicable State law, except the individual is unemployed, partially unemployed, or unable or unavailable to work because—

(aa) the individual has been diagnosed with COVID-19 or is experiencing symptoms of COVID-19 and seeking a medical diagnosis;

(bb) a member of the individual's household has been diagnosed with COVID-19;

(cc) the individual is providing care for a family member or a member of the individual's household who has been diagnosed with COVID-19;

(dd) a child or other person in the household for which the individual has primary caregiving responsibility is unable to attend school or another facility that is closed as a direct result of the COVID-19 public health emergency and such school or facility care is required for the individual to work;

(ee) the individual is unable to reach the place of employment because of a quarantine imposed as a direct result of the COVID-19 public health emergency;

(ff) the individual is unable to reach the place of employment because the individual has been advised by a health care provider to self-quarantine due to concerns related to COVID-19;

(gg) the individual was scheduled to commence employment and does not have a job or is unable to reach the job as a direct result of the COVID-19 public health emergency;

(hh) the individual has become the breadwinner or major support for a household because the head of the household has died as a direct result of COVID-19;

(ii) the individual has to quit his or her job as a direct result of COVID-19;

(jj) the individual's place of employment is closed as a direct result of the COVID-19 public health emergency; or

(kk) the individual meets any additional criteria established by the Secretary for unemployment assistance under this section; or

(II) is self-employed, is seeking part-time employment, does not have sufficient work history, or otherwise would not qualify for regular unemployment or extended benefits under State or Federal law or pandemic emergency unemployment compensation under section 2107 and meets the requirements of subclause (I); and

(B) does not include—

(i) an individual who has the ability to telework with pay; or

(ii) an individual who is receiving paid sick leave or other paid leave benefits, regardless of whether the individual meets a qualification described in items (aa) through (kk) of subparagraph (A)(i)(I).

The United States Code authorizes the Secretary of the United States Department of Labor to enter into agreements with states to administer Pandemic Unemployment Assistance (PUA) benefits under the CARES Act. PL 116-136, Sec. 2102(f). The United States Department of Labor has issued operating instructions to states in implementing section 2102 of the CARES Act. Iowa Code § 96.11 mandates that Iowa Workforce Development “shall cooperate with the United States department of labor to the fullest extent consistent with the provisions of this chapter. . .” When implementing section 2102, the operating instructions direct states to first consult section 2102 of the CARES Act and then the operating instructions. When both are silent, states should refer to section 625 of title 20, Code of Federal Regulations. When consulting the regulations, the term “COVID-19 public health emergency” is to be substituted for the term “major disaster” and the term “pandemic is to be substituted for the term “disaster.”

In the Department of Labor’s Unemployment Insurance Program Letter No. 16-20, Change 2, it states:

b. Clarification on item (kk) of acceptable COVID-19 related reasons. Section 2102(a)(3)(A)(ii)(I)(kk) of the CARES Act provides for the Secretary of Labor to establish any additional criteria under which an individual may self-certify eligibility for PUA benefits. Section C.1.k. of Attachment I to UIPL No. 16-20 provides for coverage of an independent contractor whose ability to continue performing his or her customary work activities is severely limited because of the COVID-19 public health emergency. The example provided includes a driver of a ride sharing service who has been forced to suspend operations because of COVID-19. Question 42 of Attachment I to UIPL No. 16-20, Change 1, explains that an independent contractor who experiences a “significant diminution of work as a result of COVID-19” may be eligible for PUA.

With these examples in UIPL Nos. 16-20 and 16-20, Change 1, the Secretary provides coverage under item (kk) to those self-employed individuals who experienced a significant diminution of services because of the COVID-19 public health emergency, even absent a suspension of services.

In this case, claimant experienced a significant diminution of services due to the COVID-19 pandemic health emergency and is therefore eligible for PUA benefits under subsection (kk).

DECISION:

The Iowa Workforce Development decision dated September 26, 2020 that determined claimant was not eligible for federal Pandemic Unemployment Assistance (PUA) benefits is reversed. The appeal is timely and PUA benefits are allowed.
