APPEAL NO. 11A-UI-09365-MT

**ADMINISTRATIVE LAW JUDGE
DECISION**

CENTRAL IOWA BUILDING SYSTEMS INC
Employer

OC: 05/30/10
Claimant: Appellant (1)

Section 96.4-3 – Able and Available

STATEMENT OF THE CASE:

Claimant filed an appeal from a decision of a representative dated July 14, 2011, reference 01, which held claimant ineligible for unemployment insurance benefits because he was not able and available for work. After due notice, a telephone conference hearing was scheduled for and held on August 9, 2011. Claimant participated personally and was represented by Gary Mattson, Attorney at Law. Employer participated by David Mens, Owner.

ISSUE:

The issue in this matter is whether claimant is able and available for work.

FINDINGS OF FACT:

The administrative law judge, having heard the testimony and considered all of the evidence in the record, finds: Claimant was not able and available for work effective July 11, 2010 through June 5, 2011. Claimant sustained a work-related injury. Claimant was released with work restrictions effective June 6, 2011. Claimant is looking for paint and auto body work. Claimant has prior training and experience in this field. Claimant is capable of gainful employment in this job for which he has prior training and experience effective June 6, 2011.

REASONING AND CONCLUSIONS OF LAW:

Iowa Code § 96.4-3 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph 1, or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept

suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

871 IAC 24.22(1)a provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(1) Able to work. An individual must be physically and mentally able to work in some gainful employment, not necessarily in the individual's customary occupation, but which is engaged in by others as a means of livelihood.

a. Illness, injury or pregnancy. Each case is decided upon an individual basis, recognizing that various work opportunities present different physical requirements. A statement from a medical practitioner is considered prima facie evidence of the physical ability of the individual to perform the work required. A pregnant individual must meet the same criteria for determining ableness as do all other individuals.

871 IAC 24.23(35) provides:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(35) Where the claimant is not able to work and is under the care of a physician and has not been released as being able to work.

Inasmuch as the illness was work-related and the treating physician has not released the claimant to return to work, the claimant has not established the ability to work effective July 11, 2010. Benefits are withheld until such time as the claimant obtained a full medical release to return to work. Benefits shall be allowed effective June 6, 2011.

DECISION:

The decision of the representative dated July 14, 2011, reference 01, is affirmed. Claimant is not eligible to receive unemployment insurance benefits, effective July 11, 2010 through June 5, 2011.
