Section 96.4-3 – Active Work Search

STATEMENT OF THE CASE:

The claimant filed a timely appeal from an unemployment insurance decision dated May 31, 2006, reference 01, which issued a warning to the claimant based upon a finding that the claimant had not performed an active work search for the week ending May 27, 2006. After due notice was issued, a hearing was held on June 26, 2006. The claimant did participate.

FINDINGS OF FACT:

Having examined all matters of record, the administrative law judge finds: During the week ending May 27, 2006, the claimant did not contact at least two prospective employers in person because she believed she was on a temporary layoff and not required to make in-person job contacts. Iowa Workforce Development has since recoded the claimant's claim for benefits and

determined that she is, in fact, on a temporary layoff. The claimant is not required to make in-person work searches.

#### REASONING AND CONCLUSIONS OF LAW:

The question is whether the warning should be removed from the claimant's record. For the reasons which follow, the administrative law judge concludes that it should.

Iowa Code section 96.4-3 establishes the requirement that claimants must make an active work search each week that they request benefits unless they are on a temporary layoff. The Agency ordinarily interprets this provision as requiring a minimum of two in-person job contacts each week. The evidence in this record persuades the administrative law judge that the claimant is on a temporary layoff and thus not required to make in-person work searches. The warning shall be removed from her record.

#### DECISION:

The unemployment insurance decision dated May 31, 2006, reference 01, is reversed. The warning is removed from the claimant's record.
