DECISION**

FLEET WHOLESALE SUPPLY CO INC

OC: 02/09/20
Claimant: Appellant (1)

Iowa Code § 96.19(38) – Total, partial and temporary unemployment
Iowa Code § 96.4(3) – Eligibility – A&A – Able to, available for, work search
Iowa Code § 96.7(2)A(2) – Charges – Same base period employment
Iowa Admin. Code r. 871-24.23(26) – Eligibility – A&A – Part-time same hours, wages

STATEMENT OF THE CASE:

On April 5, 2021 Claimant/Appellant filed an appeal from the April 2, 2021 (reference 03) unemployment insurance decision that denied benefits. The parties were properly notified of the hearing. A telephone hearing was held on June 21, 2021. Claimant participated. Employer did not participate. Claimant's Exhibits 1-9 were admitted. Official notice was taken of the administrative record.

ISSUES:

Whether claimant is totally, partially or temporarily unemployed.
Whether claimant is able to and available for work.
Whether claimant is still employed at the same hours and wages.
Whether employer's account is subject to charge.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds:

Claimant began working part-time for the employer on July 3, 2018, and remains employed with the employer today. In February 2020 claimant was working the convenience store operations when the COVID-19 pandemic hit. Expecting to be working reduced hours due to business shutting down, claimant filed for unemployment but then ended up not working reduced hours.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes as follows:

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.1A, subsection 37, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.1A, subsection 37, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Admin. R. 871-24.23(26) provides:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(26) Where a claimant is still employed in a part-time job at the same hours and wages as contemplated in the original contract for hire and is not working on a reduced workweek basis different from the contract for hire, such claimant cannot be considered partially unemployed.

Iowa Admin. Code r. 871-24.22(2)i(1) and (3) provide:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market....

i. On-call workers.

(1) Substitute workers (i.e., post office clerks, railroad extra board workers), who hold themselves available for one employer and who do not accept other work, are not available for work within the meaning of the law and are not eligible for benefits.

(3) An individual whose wage credits earned in the base period of the claim consist exclusively of wage credits by performing on-call work, such as a banquet worker, railway worker, substitute school teacher or any other individual whose work is solely on-call work during the base period, is not considered an unemployed individual within the meaning of Iowa Code section 96.19(38)"a" and "b." An individual who is willing to accept only on-call work is not considered to be available for work.

Iowa Code section 96.7(2)a(2) provides:

2. Contribution rates based on benefit experience.

a. (2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

(a) However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

(b) An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

(c) The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

Claimant was employed part-time, and identified no weeks where she earned no wages so she was not totally unemployed. Claimant was not guaranteed any specific amount of hours. Thus the claimant remains employed in a part-time job at the same hours and wages as contemplated in the original contract for hire. Additionally claimant testified that she filed for unemployment when businesses started shutting down due to the pandemic, but then ended up having similar hours. Claimant was not totally or partially unemployed and as such benefits are denied.

DECISION:

The April 2, 2021 (reference 03) unemployment insurance decision is affirmed. Benefits are denied.
