APPEAL 21A-UI-00743-DG-T

**ADMINISTRATIVE LAW JUDGE
DECISION**

INTERSTATE 35 COMMUNITY SCH DIST
Employer

OC: 03/22/20
Claimant: Respondent (2)

Iowa Code § 96.4(3) – Ability to and Availability for Work
Iowa Code § 96.19(38)a & b – Total and Partial Unemployment
Iowa Code § 96.7(2)a – Same Base Period Employment

STATEMENT OF THE CASE:

Employer filed an appeal from a decision of a representative dated December 7, 2020, (reference 01) that held claimant able to and available for work. After due notice, a hearing was scheduled for and held on February 10, 2021. Claimant participated personally. Employer participated by Ted Bauer, Business Manager. The administrative law judge took official notice of the administrative record.

ISSUE:

Does the claimant meet the definition of being considered partially unemployed?
Is the claimant able to and available for work?

FINDINGS OF FACT:

Having heard the testimony and having reviewed the evidence in the record, the administrative law judge finds: The claimant works as an on-call substitute teacher. She is on the substitute teacher list, and employer calls claimant for work when a teacher is absent from school. Employer did not have an agreed upon number of hours available to claimant during the employment.

Beginning on March 22, 2020, it did have on-call work available for the claimant as contemplated in the original contract of hire.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant is not partially unemployed, and is not able and available for work beginning on March 22, 2020.

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Code section 96.19(38) provides:

"Total and partial unemployment".

a. An individual shall be deemed *"totally unemployed"* in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which either of the following apply:

(1) While employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

(2) The individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Code section 96.7(2)a(2)(a), (b), and (c) provides:

2. *Contribution rates based on benefit experience.*

a. (2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

(a) However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

(b) An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the

unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

(c) The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

Iowa Admin. Code r. 871-23.43(4)a provides, in part:

(4) Supplemental employment.

a. An individual, who has been separated with cause attributable to the regular employer and who remains in the employ of the individual's part-time, base period employer, continues to be eligible for benefits as long as the individual is receiving the same employment from the part-time employer that the individual received during the base period. The part-time employer's account, including the reimbursable employer's account, may be relieved of benefit charges....

Because claimant was hired to work only part-time hours and was not guaranteed full-time hours, and the wage history consists of only part-time wages, the claimant is not considered to be unemployed within the meaning of the law. When an individual is hired to work part-time or in a temporary assignment, the implied agreement is that full-time work will not be regularly available. Thus since the employer continues to provide regular part-time hours and is currently employed under the same hours and wages as contemplated at hire or assignment placement, she is not considered partially unemployed, and she is in not able and available for work.

Note to Claimant: If this decision determines you are not eligible for regular unemployment insurance benefits and you disagree with this decision, you may file an appeal to the Employment Appeal Board by following the instructions on the first page of this decision. Individuals who do not qualify for regular unemployment insurance benefits, but who are currently unemployed for reasons related to COVID-19 may qualify for Pandemic Unemployment Assistance (PUA). **You will need to apply for PUA to determine your eligibility under the program.** Additional information on how to apply for PUA can be found at <https://www.iowaworkforcedevelopment.gov/pua-information>. If this decision becomes final, or if you are not eligible for PUA, you may have an overpayment of benefits.

DECISION:

The December 7, 2020, (reference 01) decision is reversed. The claimant is not able and available for work beginning on March 22, 2020. Benefits are denied.
