871 IAC 26.8(1) - Withdrawal of Appeal

**STATEMENT OF THE CASE:**

The employer appealed a representative's August 14, 2013 determination (reference 01) that held the claimant qualified to receiving benefits and the employer's account subject to charge because the claimant's employment separation was for nondisqualifying reasons. A hearing was scheduled on September 24, 2013. On September 9, the employer's representative faxed a withdrawal request to the Appeals Section. Based on the employer's withdrawal request, the administrative record, and the law, the administrative law judge enters the following findings of fact, reasoning and conclusions of law, and decision.

**FINDINGS OF FACT:**

The employer withdrew an appeal from a representative's August 14, 2013 determination (reference 01). The employer faxed its withdrawal request to the Appeals Section on September 9, 2013.

**REASONING AND CONCLUSIONS OF LAW:**

871 IAC 26.8(1) provides:

- (1) An appeal may be withdrawn at any time prior to the issuance of a decision upon the request of the appellant and with the approval of the presiding officer to whom the case is assigned. Requests for withdrawal may be made in writing or orally, provided the oral request is tape-recorded by the presiding officer.

The employer's request to withdraw this appeal is approved.

**DECISION:**

The representative's August 14, 2013 determination (reference 01) is affirmed. The employer's withdrawal request is approved. This means the claimant remains qualified to receive benefits as of July 7, 2013, provided he meets all other eligibility requirements. The employer's account is subject to charge.
