APPEAL NO. 16A-UI-01323-B2T

**ADMINISTRATIVE LAW JUDGE
DECISION**

**IOWA WORKFORCE
DEVELOPMENT DEPARTMENT**

OC: 01/10/16

Claimant: Appellant (1)

Iowa Code § 96.4-4 – Wages Earned Between Claim Years

STATEMENT OF THE CASE:

Claimant filed an appeal from a decision of a representative dated January 21, 2016 (reference 01) which held claimant ineligible for unemployment insurance benefits. After due notice, a telephone conference hearing was scheduled for and held on February 25, 2016. Claimant participated personally.

ISSUE:

The issue in this matter is whether claimant has worked and earned insured wages of at least \$250.00 between claim years.

FINDINGS OF FACT:

The administrative law judge, having heard the testimony and considered all of the evidence in the record, finds: Claimant did not earn \$250.00 in wages from insured work during the last benefit year 2015 or during the current benefit year. Claimant's most recent insured wages were from prior to her termination from employment in January 2015.

REASONING AND CONCLUSIONS OF LAW:

The administrative law judge holds claimant has not earned sufficient wages during the last benefit year to qualify for benefits.

Iowa Code § 96.4-4 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

4. The individual has been paid wages for insured work during the individual's base period in an amount at least one and one-quarter times the wages paid to the individual during that quarter of the individual's base period in which the individual's wages were highest; provided that the individual has been paid wages for insured work totaling at least three and five-tenths percent of the statewide average annual wage for insured

work, computed for the preceding calendar year if the individual's benefit year begins on or after the first full week in July and computed for the second preceding calendar year if the individual's benefit year begins before the first full week in July, in that calendar quarter in the individual's base period in which the individual's wages were highest, and the individual has been paid wages for insured work totaling at least one-half of the amount of wages required under this subsection in the calendar quarter of the base period in which the individual's wages were highest, in a calendar quarter in the individual's base period other than the calendar quarter in which the individual's wages were highest. The calendar quarter wage requirements shall be rounded to the nearest multiple of ten dollars.

If the individual has drawn benefits in any benefit year, the individual must during or subsequent to that year, work in and be paid wages for insured work totaling at least two hundred fifty dollars, as a condition to receive benefits in the next benefit year.

As claimant has earned no wages since her initial filing in January 2015, claimant has not met the requirement that she earn \$250.00 from insured work to qualify for benefits in a second benefit year.

DECISION:

The decision of the representative dated January 21, 2016 (reference 01) is affirmed. Unemployment insurance benefits shall be withheld until claimant has worked in and been paid wages for insured work in the amount of \$250.00, provided claimant is otherwise eligible.
