Iowa Code § 96.4(3) – Ability to and Availability for Work

STATEMENT OF THE CASE:

Employer filed an appeal from a decision of a representative dated December 22, 2016, (reference 02) that held claimant able to and available for work. After due notice, a hearing was scheduled for and held on January 23, 2017. Employer participated by Rosemary Hibbs, Director of Nursing. Claimant failed to respond to the hearing notice and did not participate.

ISSUES:

Is the claimant partially unemployed and available for work?
If so, is the employer's account liable for potential charges?

FINDINGS OF FACT:

Having heard the testimony and having reviewed the evidence in the record, the administrative law judge finds: Claimant worked for Longhouse Northshire, LTD, a base period employer, part-time under the same terms and conditions as contemplated at hire. She also has other potentially qualifying wages in the base period history.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant is partially unemployed and this part-time employer is relieved of benefit charges.

Iowa Code § 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Code § 96.19(38) provides:

"Total and partial unemployment".

a. An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which either of the following apply:

(1) While employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

(2) The individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Admin. Code r. 871-23.43(4)a provides in part:

(4) Supplemental employment.

a. An individual, who has been separated with cause attributable to the regular employer and who remains in the employ of the individual's part-time, base period employer, continues to be eligible for benefits as long as the individual is receiving the same employment from the part-time employer that the individual received during the base period. The part-time employer's account, including the reimbursable employer's account, may be relieved of benefit charges....

Iowa Admin. Code r. 871-24.22(2)f provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

f. Part-time worker, student--other. Part-time worker shall mean any individual who has been in the employ of an employing unit and has established a pattern of part-time regular employment which is subject to the employment security tax, and has accrued wage credits while working in a part-time job. If such part-time worker becomes separated from this employment for no disqualifiable reason, and providing such worker has reasonable expectation of securing other employment for the same number of hours worked, no disqualification shall be imposed under Iowa Code section 96.4(3). In other words, if an individual is available to the same degree and to the same extent as when the wage credits were accrued, the individual meets the eligibility requirements of the law.

Because the claimant has other base-period wages and is currently employed part-time, she may be considered partially unemployed. Partial benefits may be allowed if she is otherwise eligible. Inasmuch as the current part-time employer is offering the same wages and hours as contemplated at hire, no benefit charges shall be made to its account.

DECISION:

The December 22, 2016, (reference 02) unemployment insurance decision is modified in favor of the appellant. The claimant is partially unemployed and benefits are allowed, provided she is otherwise eligible. The account of the current part-time employer (account number 289940-000) shall not be charged.
