(Administrative Law Judge)

(Decision Dated & Mailed)

Section 96.4-3 – Active Work Search

STATEMENT OF THE CASE:

The claimant filed a timely appeal from an unemployment insurance decision dated January 13, 2004, reference 02, which issued a warning to the claimant based upon a finding that the claimant had not performed an active work search for the week ending January 10, 2004. After reviewing the claimant's appeal letter and Agency benefit payment records, the administrative law judge concludes that no additional testimony is necessary.

FINDINGS OF FACT:

Having examined all matters of record, the administrative law judge finds: During the week ending January 10, 2004, the claimant contacted at least two prospective employers in person. The claimant inadvertently indicated otherwise while filing his claim for the week in question.

REASONING AND CONCLUSIONS OF LAW:

The question is whether the warning should be removed from the claimant's record. For the reasons which follow, the administrative law judge concludes that it should.

Iowa Code Section 96.4-3 establishes the requirement that claimants must make an active work search each week that they request benefits. The Agency ordinarily interprets this provision as requiring a minimum of two in-person job contacts each week. The evidence in this record persuades the administrative law judge that the claimant conducted the requisite work search but inadvertently indicated otherwise. The warning shall be removed.

DECISION:

The unemployment insurance decision dated January 13, 2004, reference 02, is reversed. The warning is removed from the claimant's record.
