Iowa Code § 96.4(3) – Ability to and Availability for Work
Iowa Admin. Code r. 871-24.22 – Able & Available – Benefits Eligibility Conditions

STATEMENT OF THE CASE:

Claimant filed an appeal from the February 25, 2021 (reference 03) unemployment insurance decision that denied benefits because claimant was not able to and available for work effective November 1, 2020. The parties were properly notified of the hearing. A telephone hearing was held on May 3, 2021 at 11:00 a.m. Claimant participated. Employer did not participate. No exhibits were admitted.

ISSUES:

Whether claimant is able to and available for work.
Whether claimant is on an approved leave of absence.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: Claimant was employed as a full-time Scheduler and Surgery Coordinator with Mercy Clinics from February 24, 2020 until February 1, 2021. Claimant did not work between November 1, 2020 and November 6, 2020 or between November 16, 2020 and November 20, 2020, because she was ill with Covid-19. Claimant did not work between January 4, 2021 and January 20, 2021, because she was caring for a family member who was sick with Covid-19.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes:

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19,

subsection 38, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Admin. Code r. 871-24.22(1) provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(1) Able to work. An individual must be physically and mentally able to work in some gainful employment, not necessarily in the individual's customary occupation, but which is engaged in by others as a means of livelihood.

a. Illness, injury or pregnancy. Each case is decided upon an individual basis, recognizing that various work opportunities present different physical requirements. A statement from a medical practitioner is considered prima facie evidence of the physical ability of the individual to perform the work required. A pregnant individual must meet the same criteria for determining ableness as do all other individuals.

Iowa Admin. Code r. 871-24.22(2) provides:

Benefit eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market. Since, under unemployment insurance laws, it is the availability of an individual that is required to be tested, the labor market must be described in terms of the individual. A labor market for an individual means a market for the type of service which the individual offers in the geographical area in which the individual offers the service. Market in that sense does not mean that job vacancies must exist; the purpose of unemployment insurance is to compensate for lack of job vacancies. It means only that the type of services which an individual is offering is generally performed in the geographical area in which the individual is offering the services.

Iowa Admin. Code r. 871-24.23(1), (10) provide:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(1) An individual who is ill and presently not able to perform work due to illness.

(10) The claimant requested and was granted a leave of absence, such period is deemed to be a period of voluntary unemployment and shall be considered ineligible for benefits for such period.

An individual claiming benefits has the burden of proof that he or she is able to work, available for work, and earnestly and actively seeking work. Iowa Admin. Code r. 871-24.22.

Claimant was ill from November 1, 2020 until November 6, 2020 and from November 16, 2020 until November 20, 2020. Claimant requested and was granted a leave of absence from work from January 4, 2021 until January 20, 2021. Therefore, claimant was not able to or available for work from November 1, 2020 until November 6, 2020, from November 16, 2020 until November 20, 2020 and from January 4, 2021 until January 20, 2021. Accordingly, claimant is not eligible for unemployment insurance benefits.

DECISION:

The February 25, 2021 (reference 03) unemployment insurance decision is affirmed. Claimant was not able to and available for work as outlined above. Benefits are denied.
