APPEAL NO. 20A-UI-10995-B2T

**ADMINISTRATIVE LAW JUDGE
DECISION**

OC: 06/07/20
Claimant: Respondent (2)

Iowa Code § 96.5-1 – Voluntary Quit
Iowa Code § 96.3-7 – Recovery of Overpayment of Benefits
Federal Law PL 116-136 Sec. 2104 – Eligibility for Federal Pandemic Unemployment Compensation
871 IA Admin. Code 24(10) – Employer Participation in Fact Finding

STATEMENT OF THE CASE:

Employer filed an appeal from a decision of a representative dated September 4, 2020, reference 01, which held claimant eligible for unemployment insurance benefits. After due notice, a hearing was scheduled for and held on October 28, 2020. Employer participated by Heather Franklin. Claimant failed to respond to the hearing notice and did not participate. Employer's Exhibits 1-2 were admitted into evidence. The administrative law judge took notice of the administrative file.

ISSUES:

Whether claimant voluntarily quit his job without good cause attributable to employer?

Whether claimant was overpaid benefits?

Whether claimant is eligible for FPUC benefits?

If claimant was overpaid benefits, should claimant repay benefits or should employer be charged due to employer's participation or lack thereof in fact finding?

FINDINGS OF FACT:

The administrative law judge, having heard the testimony and considered all of the evidence in the record, finds: Claimant last worked for employer on September 20, 2019. Employer discharged claimant on September 23, 2019 because claimant had not been in contact with employer for three days after the ending of a placement indicating he was willing to accept a new placement.

When claimant was first employed by employer he signed for and received a document indicating that he was to be in contact with employer within three days of the ending of the assignment. The assignment was ended for claimant on September 20, 2020. Employer did not

hear from claimant again until May 14, 2020. At that time employer did not have a job that fit claimant's skill set. Employer has not heard from claimant since that date.

Claimant has received state unemployment benefits in this matter in the amount of \$5,320.00.

Claimant has received Federal Pandemic Unemployment Compensation benefits in this matter in the amount of \$4,200.00.

Employer stated that they did substantially participate in fact finding in this matter by sharing information with the fact finder about claimant. There is no fact finding documentation in the administrative file.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant voluntarily left the employment without good cause attributable to the employer.

Iowa Code section 96.5(1)j provides:

An individual shall be disqualified for benefits, regardless of the source of the individual's wage credits:

1. Voluntary quitting. If the individual has left work voluntarily without good cause attributable to the individual's employer, if so found by the department. But the individual shall not be disqualified if the department finds that:

j. (1) The individual is a temporary employee of a temporary employment firm who notifies the temporary employment firm of completion of an employment assignment and who seeks reassignment. Failure of the individual to notify the temporary employment firm of completion of an employment assignment within three working days of the completion of each employment assignment under a contract of hire shall be deemed a voluntary quit unless the individual was not advised in writing of the duty to notify the temporary employment firm upon completion of an employment assignment or the individual had good cause for not contacting the temporary employment firm within three working days and notified the firm at the first reasonable opportunity thereafter.

(2) To show that the employee was advised in writing of the notification requirement of this paragraph, the temporary employment firm shall advise the temporary employee by requiring the temporary employee, at the time of employment with the temporary employment firm, to read and sign a document that provides a clear and concise explanation of the notification requirement and the consequences of a failure to notify. The document shall be separate from any contract of employment and a copy of the signed document shall be provided to the temporary employee.

(3) For the purposes of this paragraph:

(a) "Temporary employee" means an individual who is employed by a temporary employment firm to provide services to clients to supplement their workforce during absences, seasonal workloads, temporary skill or labor market shortages, and for special assignments and projects.

(b) "Temporary employment firm" means a person engaged in the business of employing temporary employees.

The purpose of the statute is to provide notice to the temporary agency employer that the claimant is available for work at the conclusion of each temporary assignment so they may be reassigned and continue working. The plain language of the statute allows benefits for a claimant "who notifies the temporary employment firm of completion of an employment assignment *and* who seeks reassignment." (Emphasis supplied.)

Iowa Code section 96.3(7)a-b, as amended in 2008, provides:

7. Recovery of overpayment of benefits.

a. If an individual receives benefits for which the individual is subsequently determined to be ineligible, even though the individual acts in good faith and is not otherwise at fault, the benefits shall be recovered. The department in its discretion may recover the overpayment of benefits either by having a sum equal to the overpayment deducted from any future benefits payable to the individual or by having the individual pay to the department a sum equal to the overpayment.

b. (1) (a) If the department determines that an overpayment has been made, the charge for the overpayment against the employer's account shall be removed and the account shall be credited with an amount equal to the overpayment from the unemployment compensation trust fund and this credit shall include both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5. The employer shall not be relieved of charges if benefits are paid because the employer or an agent of the employer failed to respond timely or adequately to the department's request for information relating to the payment of benefits. This prohibition against relief of charges shall apply to both contributory and reimbursable employers.

(b) However, provided the benefits were not received as the result of fraud or willful misrepresentation by the individual, benefits shall not be recovered from an individual if the employer did not participate in the initial determination to award benefits pursuant to section 96.6, subsection 2, and an overpayment occurred because of a subsequent reversal on appeal regarding the issue of the individual's separation from employment.

(2) An accounting firm, agent, unemployment insurance accounting firm, or other entity that represents an employer in unemployment claim matters and demonstrates a continuous pattern of failing to participate in the initial determinations to award benefits, as determined and defined by rule by the department, shall be denied permission by the department to represent any employers in unemployment insurance matters. This subparagraph does not apply to attorneys or counselors admitted to practice in the courts of this state pursuant to section 602.10101.

Iowa Admin. Code r. 871-24.10 provides:

Employer and employer representative participation in fact-finding interviews.

(1) "Participate," as the term is used for employers in the context of the initial determination to award benefits pursuant to Iowa Code section 96.6, subsection 2, means submitting detailed factual information of the quantity and quality that if unrebutted would be sufficient to result in a decision favorable to the employer. The most

effective means to participate is to provide live testimony at the interview from a witness with firsthand knowledge of the events leading to the separation. If no live testimony is provided, the employer must provide the name and telephone number of an employee with firsthand information who may be contacted, if necessary, for rebuttal. A party may also participate by providing detailed written statements or documents that provide detailed factual information of the events leading to separation. At a minimum, the information provided by the employer or the employer's representative must identify the dates and particular circumstances of the incident or incidents, including, in the case of discharge, the act or omissions of the claimant or, in the event of a voluntary separation, the stated reason for the quit. The specific rule or policy must be submitted if the claimant was discharged for violating such rule or policy. In the case of discharge for attendance violations, the information must include the circumstances of all incidents the employer or the employer's representative contends meet the definition of unexcused absences as set forth in 871—subrule 24.32(7). On the other hand, written or oral statements or general conclusions without supporting detailed factual information and information submitted after the fact-finding decision has been issued are not considered participation within the meaning of the statute.

(2) "A continuous pattern of nonparticipation in the initial determination to award benefits," pursuant to Iowa Code section 96.6, subsection 2, as the term is used for an entity representing employers, means on 25 or more occasions in a calendar quarter beginning with the first calendar quarter of 2009, the entity files appeals after failing to participate. Appeals filed but withdrawn before the day of the contested case hearing will not be considered in determining if a continuous pattern of nonparticipation exists. The division administrator shall notify the employer's representative in writing after each such appeal.

(3) If the division administrator finds that an entity representing employers as defined in Iowa Code section 96.6, subsection 2, has engaged in a continuous pattern of nonparticipation, the division administrator shall suspend said representative for a period of up to six months on the first occasion, up to one year on the second occasion and up to ten years on the third or subsequent occasion. Suspension by the division administrator constitutes final agency action and may be appealed pursuant to Iowa Code section 17A.19.

(4) "Fraud or willful misrepresentation by the individual," as the term is used for claimants in the context of the initial determination to award benefits pursuant to Iowa Code section 96.6, subsection 2, means providing knowingly false statements or knowingly false denials of material facts for the purpose of obtaining unemployment insurance benefits. Statements or denials may be either oral or written by the claimant. Inadvertent misstatements or mistakes made in good faith are not considered fraud or willful misrepresentation.

This rule is intended to implement Iowa Code section 96.3(7)"b" as amended by 2008 Iowa Acts, Senate File 2160.

In this matter, the evidence established that claimant voluntarily quit his job by not being in contact with employer within three days of the end of his assignment on September 20, 2019.

The overpayment issue was addressed. Claimant has received state unemployment benefits in the amount of \$5,320.00 and federal benefits in the amount of \$4,200.00. Said payments are overpayments.

The issue of employer participation was addressed. Employer stated that they substantially participated in fact finding. The administrative law judge has no documentation that employer did not participate in fact finding. Employer's account will not be charged for overpayments received by claimant.

DECISION:

The decision of the representative dated September 4, 2020, reference 01, is reversed. Unemployment insurance benefits shall be withheld until claimant has worked in and been paid wages for insured work equal to ten times claimant's weekly benefit amount, provided claimant is otherwise eligible. Claimant has been overpaid state and federal benefits in this matter. Employer's account will not be charged for overpayments received by claimant.
