OC: 10/28/12
Claimant: Appellant (1)

Iowa Code § 96.3(5) – Benefit Duration - Business Closing
Iowa Admin. Code r. 871-24.29(1) and (2) – Business Closing

STATEMENT OF THE CASE:

The claimant filed a timely appeal from the February 19, 2013 (reference 01) decision that denied the request to redetermine the claim based upon a business closure. After due notice was issued, a telephone conference hearing was held on April 4, 2013. Claimant participated. Employer participated through Human Resources Director Brenda Rogers. The parties waived fact-finding and appeal hearing notice on the issue of deduction of vacation and severance pay and Iowa Code §§ 96.5(5) and (7). That issue is decided in 13A-UI-03949-L-T.

ISSUE:

Can the claim be redetermined based upon a layoff due to a business closing?

FINDINGS OF FACT:

Having heard the testimony and having reviewed the evidence in the record, the administrative law judge finds: The claimant was separated from the employment on October 26, 2012 when the terminal closed that he managed at 2100 5th Avenue South, Fort Dodge, Iowa.

REASONING AND CONCLUSIONS OF LAW:

The administrative law judge concludes that the claimant was laid off as a result of a business closure at the location where he worked and, therefore, is entitled to a redetermination of wage credits.

Iowa Code § 96.3(5) provides:

5. Duration of benefits. The maximum total amount of benefits payable to an eligible individual during a benefit year shall not exceed the total of the wage credits accrued to the individual's account during the individual's base period, or twenty-six times the individual's weekly benefit amount, whichever is the lesser. The director shall maintain a separate account for each individual who earns wages in insured work. The director shall compute wage credits for each individual by crediting the individual's account with

one-third of the wages for insured work paid to the individual during the individual's base period. However, the director shall recompute wage credits for an individual who is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, by crediting the individual's account with one-half, instead of one-third, of the wages for insured work paid to the individual during the individual's base period. Benefits paid to an eligible individual shall be charged against the base period wage credits in the individual's account which have not been previously charged, in the inverse chronological order as the wages on which the wage credits are based were paid. However if the state "off indicator" is in effect and if the individual is laid off due to the individual's employer going out of business at the factory, establishment, or other premises at which the individual was last employed, the maximum benefits payable shall be extended to thirty-nine times the individual's weekly benefit amount, but not to exceed the total of the wage credits accrued to the individual's account.

Iowa Admin. Code r. 871-24.29(1) and (2) provide:

Business closing.

(1) Whenever an employer at a factory, establishment, or other premises goes out of business at which the individual was last employed and is laid off, the individual's account is credited with one-half, instead of one-third, of the wages for insured work paid to the individual during the individual's base period. This rule also applies retroactively for monetary redetermination purposes during the current benefit year of the individual who is temporarily laid off with the expectation of returning to work once the temporary or seasonal factors have been eliminated and is prevented from returning to work because of the going out of business of the employer within the same benefit year of the individual.

(2) Going out of business means any factory, establishment, or other premises of an employer which closes its door and ceases to function as a business; however, an employer is not considered to have gone out of business at the factory, establishment, or other premises in any case in which the employer sells or otherwise transfers the business to another employer, and the successor employer continues to operate the business.

The administrative law judge concludes that the employer did close the business in its Fort Dodge, Iowa location. Accordingly, the administrative law judge concludes that the employer went out of business effective October 28, 2012 and, as a consequence, the claimant is entitled to a redetermination of wage credits as of that date.

DECISION:

The February 19, 2013 (reference 01) decision is affirmed. The claimant was laid off due to a business closure. Recalculation of benefits is allowed.
