Iowa Code § 96.19(38)a & b – Total and Partial Unemployment  
Iowa Code § 96.7(2)a(2) – Same Base Period Employment  
Iowa Code § 96.4(3) – Ability to and Availability for Work  
Iowa Admin. Code r. 871-24.22(2)f – Availability for Work - Part-time Worker/Student  
Iowa Admin. Code r. 871-23.43(4)a – Supplemental Employment

**STATEMENT OF THE CASE:**

Employer filed an appeal from a decision of a representative dated February 9, 2015, (reference 01) that held claimant able to and available for work. After due notice, a hearing was scheduled for and held on March 17, 2015. Employer participated by Dani Lee, Store Manager. Claimant failed to respond to the hearing notice and did not participate. Employer's Exhibits 1 through 3 were admitted into evidence.

**ISSUES:**

Is the claimant partially unemployed and available for work?  
If so, is the employer's account liable for potential charges?

**FINDINGS OF FACT:**

Having heard the testimony and having reviewed the evidence in the record, the administrative law judge finds: Claimant worked for McDonalds, a base period employer, part-time. Beginning on or about December 31, 2014 claimant's hours were reduced because his job duties changed. He also has other potentially qualifying wages in the base period history.

**REASONING AND CONCLUSIONS OF LAW:**

For the reasons that follow, the administrative law judge concludes the claimant is partially unemployed and the part-time employer is **not** relieved of benefit charges.

Iowa Code § 96.4-3 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph 1, or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Code § 96.19-38 provides:

"Total and partial unemployment".

a. An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which, while employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

An individual shall be deemed partially unemployed in any week in which the individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Code § 96.7(2)a(2) provides:

2. Contribution rates based on benefit experience.

a. (2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and § 96.8, subsection 5.

An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or

to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding § 96.8, subsection 5.

The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under § 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under § 85.33, § 85.34, subsection 1, or § 85A.17, or responsible for paying indemnity insurance benefits.

Iowa Admin. Code r. 871-23.43(4)a provides in part:

(4) Supplemental employment.

a. An individual, who has been separated with cause attributable to the regular employer and who remains in the employ of the individual's part-time, base period employer, continues to be eligible for benefits as long as the individual is receiving the same employment from the part-time employer that the individual received during the base period. The part-time employer's account, including the reimbursable employer's account, may be relieved of benefit charges....

Iowa Admin. Code r. 871-24.22(2)f provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

f. Part-time worker, student--other. Part-time worker shall mean any individual who has been in the employ of an employing unit and has established a pattern of part-time regular employment which is subject to the employment security tax, and has accrued wage credits while working in a part-time job. If such part-time worker becomes separated from this employment for no disqualifiable reason, and providing such worker has reasonable expectation of securing other employment during the same hours and for the same number of hours worked, no disqualification shall be imposed under Iowa Code section 96.4(3). In other words, if an individual is available to the same degree and to the same extent as when the wage credits were accrued, the individual meets the eligibility requirements of the law.

Because the claimant has other base-period wages and is employed part-time, he may be considered partially unemployed. Partial benefits may be allowed if he is otherwise eligible. Inasmuch as the current part-time employer was not offering the same wages and hours as in the base period contemplated at hire, benefit charges shall be made to its account.

**DECISION:**

The February 9, 2015, (reference 01) decision is affirmed. The claimant is partially unemployed and benefits are allowed, provided he is otherwise eligible. The account of the current part-time employer (account number 509421-000) shall be charged. Claimant should report gross wages for the week in which they are earned for the purpose of establishing eligibility for partial unemployment benefits.
