(Decision Dated & Mailed)

Iowa Code §96.4(3) - Able and Available

STATEMENT OF THE CASE:

Claimant filed a timely appeal from the March 10, 2005, reference 02, decision that denied benefits. After due notice was issued, a hearing was held on March 30, 2005. Claimant did participate. Employer did participate through Jay Mathis and Scott Green.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: Claimant was employed as a swing manager through November 24, 2004 and had work-related carpal tunnel surgery on her right hand on August 4, 2004. She was off work for one week and returned to work with lifting restrictions on that hand but ran the cash registers. She also had work-related carpal tunnel surgery on January 31, 2005 and was not to work for one week and was released to work or search for work on February 5, 2005 with restrictions of no lifting with

the left hand only. As of February 6, claimant sought cashier-type work each week. Claimant is right hand dominant.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes that the claimant is able to work and available for work

Iowa Code section 96.4-3 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph 1, or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

871 IAC 24.22(1)a provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(1) Able to work. An individual must be physically and mentally able to work in some gainful employment, not necessarily in the individual's customary occupation, but which is engaged in by others as a means of livelihood.

a. Illness, injury or pregnancy. Each case is decided upon an individual basis, recognizing that various work opportunities present different physical requirements. A statement from a medical practitioner is considered prima facie evidence of the physical ability of the individual to perform the work required. A pregnant individual must meet the same criteria for determining ableness as do all other individuals.

Inasmuch as the injury was work-related and the treating physician has released the claimant to return to work, even with restrictions, the claimant has established ability to work. Thus, benefits are allowed.

DECISION:

The representative's decision dated March 10, 2005, reference 02, is reversed. The claimant is able to work and available for work effective February 6, 2005. Benefits are allowed, provided the claimant is otherwise eligible.
