(Decision Dated & Mailed)

Iowa Code §96.4(3) - Able and Available

STATEMENT OF THE CASE:

Claimant filed a timely appeal from the January 13, 2005, reference 03, decision that found claimant unable to work and denied benefits effective December 19, 2004. After due notice was issued, a hearing was held on February 8, 2005. Claimant did participate. Claimant's Exhibit A was received.

FINDINGS OF FACT:

Having reviewed all of the evidence in the record, the administrative law judge finds: Claimant is seeking either part-time employment that involves standing such as retail work, or full time employment where she can not be on her feet for more than four hours at a time, such as a

parking lot attendant. She is able to work under those conditions according to her treating physician. (Claimant's Exhibit A)

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes that the claimant is able to work and available for work.

Iowa Code Section 96.4-3 provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph 1, or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

871 IAC 24.22(2) provides:

Benefits eligibility conditions. For an individual to be eligible to receive benefits the department must find that the individual is able to work, available for work, and earnestly and actively seeking work. The individual bears the burden of establishing that the individual is able to work, available for work, and earnestly and actively seeking work.

(2) Available for work. The availability requirement is satisfied when an individual is willing, able, and ready to accept suitable work which the individual does not have good cause to refuse, that is, the individual is genuinely attached to the labor market. Since, under unemployment insurance laws, it is the availability of an individual that is required to be tested, the labor market must be described in terms of the individual. A labor market for an individual means a market for the type of service which the individual offers in the geographical area in which the individual offers the service. Market in that sense does not mean that job vacancies must exist; the purpose of unemployment insurance is to compensate for lack of job vacancies. It means only that the type of services which an individual is offering is generally performed in the geographical area in which the individual is offering the services.

Although claimant's qualifications for many jobs are limited, she is considered to be medically able to work either full or part time depending on standing requirements. Accordingly, benefits are allowed.

DECISION:

The January 13, 2005, reference 03, decision is reversed. The claimant is able to work and available for work effective December 19, 2004. Benefits are allowed.
