Section 96.4-3 – Work Search

STATEMENT OF THE CASE:

The claimant filed a timely appeal from an unemployment insurance decision dated October 26, 2010, reference 01, that issued a warning concerning job contacts made for the week ending October 23, 2010. After reviewing all matters of record, the administrative law judge concludes that a formal hearing is not required.

ISSUE:

Should the claimant receive a warning for failing to make at least two in-person job contacts during the week in question?

FINDINGS OF FACT:

Having examined all matters of record, the administrative law judge finds: The claimant made the appropriate number of job contacts during the week in question. The decision dated October 26, 2010 was issued in error.

REASONING AND CONCLUSIONS OF LAW:

The warning should be removed from the claimant's record because the decision was issued in error.

DECISION:

The unemployment insurance decision dated October 26, 2010, reference 01, is reversed. The warning is removed from the claimant's record.
