APPEAL NO. 21A-UI-01731-B2-T

**ADMINISTRATIVE LAW JUDGE
DECISION**

OC: 05/31/20

Claimant: Appellant (1R)

Iowa Admin. Code r. 871-24.23(26) – Part-Time Worker – Same Wages and Hours

Iowa Code § 96.4-3 – Able and Available

Iowa Code § 96.7(2)A(2) – Partial Benefits

Iowa Code § 96.1(A)(37) – Total and Partial Unemployment

STATEMENT OF THE CASE:

Claimant filed an appeal from a decision of a representative dated December 18, 2020, reference 01, which held claimant not able and available for work. After due notice, a hearing was scheduled for and held on February 23, 2021. Claimant participated personally. Employer did not register for the hearing and did not participate.

ISSUES:

Whether claimant is still employed at the same hours and wages?

Whether claimant is eligible to receive partial benefits?

Whether claimant is able and available for work?

FINDINGS OF FACT:

The claimant currently worked for Andrew Distribution, a base period employer, part time under the same terms and conditions as contemplated in the original contract of hire.

Claimant has been a delivery driver for employer for a number of years. These deliveries would vary in the amount of hours worked and the amount of pay received. These varied deliveries continued after claimant filed an original claim. Claimant subsequently quit his employment with Andrew Distributing on December 19, 2020.

In June of 2020 claimant began work with a full time employer – Rivera Services. Claimant worked this job, with minor occasions when weather or other factors would not allow work, until he was seasonally laid off after Thanksgiving.

It appears that information given by claimant surrounding filing of weekly claims and other employment matters surrounding both of his jobs may not be correctly reflected in IWD documentation.

REASONING AND CONCLUSIONS OF LAW:

For the reasons that follow, the administrative law judge concludes the claimant is not partially unemployed.

Iowa Code section 96.4(3) provides:

An unemployed individual shall be eligible to receive benefits with respect to any week only if the department finds that:

3. The individual is able to work, is available for work, and is earnestly and actively seeking work. This subsection is waived if the individual is deemed partially unemployed, while employed at the individual's regular job, as defined in section 96.19, subsection 38, paragraph "b", unnumbered paragraph (1), or temporarily unemployed as defined in section 96.19, subsection 38, paragraph "c". The work search requirements of this subsection and the disqualification requirement for failure to apply for, or to accept suitable work of section 96.5, subsection 3 are waived if the individual is not disqualified for benefits under section 96.5, subsection 1, paragraph "h".

Iowa Code section 96.19(38) provides:

"Total and partial unemployment".

a. An individual shall be deemed "totally unemployed" in any week with respect to which no wages are payable to the individual and during which the individual performs no services.

b. An individual shall be deemed partially unemployed in any week in which either of the following apply:

(1) While employed at the individual's then regular job, the individual works less than the regular full-time week and in which the individual earns less than the individual's weekly benefit amount plus fifteen dollars.

(2) The individual, having been separated from the individual's regular job, earns at odd jobs less than the individual's weekly benefit amount plus fifteen dollars.

c. An individual shall be deemed temporarily unemployed if for a period, verified by the department, not to exceed four consecutive weeks, the individual is unemployed due to a plant shutdown, vacation, inventory, lack of work or emergency from the individual's regular job or trade in which the individual worked full-time and will again work full-time, if the individual's employment, although temporarily suspended, has not been terminated.

Iowa Code section 96.7(2)a(2)(a), (b), and (c) provides:

2. Contribution rates based on benefit experience.

a. (2) The amount of regular benefits plus fifty percent of the amount of extended benefits paid to an eligible individual shall be charged against the account of the employers in the base period in the inverse chronological order in which the employment of the individual occurred.

(a) However, if the individual to whom the benefits are paid is in the employ of a base period employer at the time the individual is receiving the benefits, and the individual is receiving the same employment from the employer that the individual received during the individual's base period, benefits paid to the individual shall not be charged against the account of the employer. This provision applies to both contributory and reimbursable employers, notwithstanding subparagraph (3) and section 96.8, subsection 5.

(b) An employer's account shall not be charged with benefits paid to an individual who left the work of the employer voluntarily without good cause attributable to the employer or to an individual who was discharged for misconduct in connection with the individual's employment, or to an individual who failed without good cause, either to apply for available, suitable work or to accept suitable work with that employer, but shall be charged to the unemployment compensation fund. This paragraph applies to both contributory and reimbursable employers, notwithstanding section 96.8, subsection 5.

(c) The amount of benefits paid to an individual, which is solely due to wage credits considered to be in an individual's base period due to the exclusion and substitution of calendar quarters from the individual's base period under section 96.23, shall be charged against the account of the employer responsible for paying the workers' compensation benefits for temporary total disability or during a healing period under section 85.33, section 85.34, subsection 1, or section 85A.17, or responsible for paying indemnity insurance benefits.

Iowa Admin. Code r. 871-24.23(26) provides:

Availability disqualifications. The following are reasons for a claimant being disqualified for being unavailable for work.

(26) Where a claimant is still employed in a part-time job at the same hours and wages as contemplated in the original contract for hire and is not working on a reduced workweek basis different from the contract for hire, such claimant cannot be considered partially unemployed.

Because the claimant was still employed through the part time employer for the same wages and hours as in the base period in this matter, he is not partially unemployed. Benefits are denied.

DECISION:

The December 18, 2020, reference 01, decision is affirmed. The claimant is not partially unemployed and benefits are denied.

REMAND:

This matter will be remanded to the fact finder in an effort to coordinate information received by claimant from Iowa Workforce Development with information accessible through IWD websites, including but not limited to weeks when claimant has filed weekly claims.

This matter is remanded to the fact finder for determination on the temporary unemployment issue involving claimant and Rivera Services.
